

## **Nigel Hoss, Hoss Building Group**

### **1. Why do you want to serve on the BAGI Board of Directors?**

The opportunity to serve on the BOD was presented to me in 2012. Since then I have had a very rewarding experience working with my peers to better the direction of our organization. I would like to move forward with another term and expand on the positive progress we have gained as a board.

### **2. What is your vision as a potential board member?**

My vision as a board member is to ensure that all our members are represented, regarding issues that affect our industry. BAGI offers a strong conduit for effective policies that showcase building professionals in a positive light.

### **3. How are you currently involved with BAGI?**

- Current Vice President Board Of Directors
- Member Hamilton County Council
- Member BPCI

### **4. What is your current position and what are your interests/hobbies?**

My current position is General Manager of Hoss Building Group. My free time (if any) is spent with my wife & five year old son. We enjoy hiking, camping, fishing & enjoying each other's company. Whenever the opportunity presents itself you will find me immersed in a book reading about a wide range of topics.

### **5. What are the most important issues facing the residential industry and how can BAGI address them?**

Skilled Labor & Developed Land still top the list in 2015 as the most challenging. The Builders Association BOD is collectively working to strengthen education, public outreach along with developer & government relations.

**6. How have your experiences in the building industry influenced your life?**

A family legacy in building has greatly influenced my life. I am motivated by a strong sense of responsibility to ensure that our profession is sustainable over time. My success and that of my peers is paramount to building a strong and permanent organization of professionals.
